

## Write a poem about parts of the body

Read the poem on this page with an adult, then mime the actions in the poem.

Can you make a list of any other actions feet can do?  
Can you make rhymes from the words on your list?  
Add them to the poem and read it aloud again.

Choose another part of the body. Can you make a list of all the actions you could put in a poem about it? Put your words into pairs and ask an adult to help you write a poem like this one. How should it be set out on the page?
