

Maths

Today, we are going to look at recognising and describing 2D shapes
- <https://vimeo.com/432264925>.

Pause the video when you are asked a question and tell your grown-up your answer, then listen to the answer. Now complete the worksheet attached to our blog and if you complete it, and have time, have a go at this True or False challenge below.

True or False ?

2D shapes

All triangles have 3 sides, 3 acute angles and no perpendicular or parallel lines.
