Dear Parents/Carers,

Our names are the first gift we are given by our Parents/Carers, and we all have a strong attachment to our own name. Please can you talk to your child about the significance of their name. This could include what their name means and why they were given the name, e.g. named after a family member, name related to a religious character, having a special meaning etc.

Afterwards, encourage your child to practise writing their name on a piece of paper. You may need to support your child and show your child how to write each letter. It is a wonderful achievement when a child can write their name independently. This is a very proud moment!

Many thanks for your support.

Kind regards,

Mrs Sanford
