

Monday 23rd November 2020

Dear Parents/Carers,

This week we will be thinking about minibeasts. We would like the children to do some research at home. Your child needs to research a type of minibeast. The children have been put into minibeast groups and they will each research some information about their minibeast.

Minibeast groups:

***Grasshoppers**

***Ladybirds**

***Bees**

***Caterpillars**

***Butterflies**

Please help your child to find out some facts about their minibeast. Talk about the minibeast with your child. To promote speaking and listening, we would like your child to discuss the information with you, there is no need to write down the facts. It is important for the children to practise their speaking and listening skills.

Look at pictures in a book/internet of their minibeast. Please help your child to make a large picture of their minibeast. This could be a drawing, creative collage or painting.

I hope the children enjoy this activity.

Many thanks for your support.

Kind regards,

Mrs Sanford
