

Adverbial Phrases

Below are two groups of words: main clauses and adverbial phrases. Put two together to create a super sentence.

Remember capital letters, full stops and commas if it is a fronted adverbial.

**Write 8 sentences (you can use the same phrase or clause more than once as long as it is matched to different phrase or clause).**

Main clauses

- Cameron walked through the forest
- The police car came to a halt
- Debbie stood underneath the lamp post
- There was a knock at the door
- Catherine hurried to her car
- Jack lifted the curtain

Adverbial phrases

- In the dead of night
- One sunny morning
- In the distance
- On the other side of the street
- All of a sudden
- In the depths of the countryside

**Example:**
