Using short multiplication to multiply amounts of money by a 1-digit number

1. £42·34 × 5 =

	£	4	2 ·	3	4
×					5

3. £36·21 × 6 =

	£	3	6 ·	2	1
×					6

2. £24·53 × 7 =

	£	2	4 ·	5	3
×					7

4. £58·23 × 4 =

	£	5	8 ·	2	3
×					4

5. Freya, Matt, Gabi, Andy, Keisha and Munaf have been shopping for fancy dress outfits. They spent £18·95 each. How much did they spend in total?

6. Tor bought five tropical fish, and each one cost £75·50. How much money did she spend altogether?
