Science Homework

Based on what you have been learning about micro-organisms, do this observation and record your findings in your homework book.

You may also take pictures of what you have observed and stick them in your book.

Mini compost bin

| Date | Observations | Temperature °C |
|------|--------------|-------------------|
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

What evidence have you seen that micro-organisms have been living in the compost bin?
