

Making a map

- 1** Draw a map of your walk to school or to the park on the back of this sheet. Describe the directions.

Example:

	Gate	<ul style="list-style-type: none"> • Turn left out of the house. • Walk to the end of the road. • Turn right onto Vicarage Road and walk along it to the park. • At the end of the road cross Duckworth Road. • Walk along to the gate.
Duckworth Road		
Park		
	House	

Measuring challenge!

Measure the tallest and shortest person in your house.

Write both measurements and the unit you used.

2 Tallest

3 Shortest

If you don't have a tape measure you can use spoons, pens, or identical bricks.

My bedroom

- 4** Estimate how many metres wide and how many metres long your bedroom is.

It is metres long and metres wide.

I found this:
