Maths Homework

## 27/11/18

Have you mastered ordering numbers with two decimal places?

a) Write the correct > or < sign between each pair of numbers.

7·45 ☐ 7·28   4·32 ☐ 4·23   6·75 ☐ 6·78   2·13 ☐ 2·4

b) Write three numbers, each with two decimal places, between 4·2 and 4·3. Write them in order, smallest first.

Have you mastered equivalent fractions?

a) Charlie says that $\frac{6}{18}$ of this grid is shaded. Write this fraction in the simplest way.
Write the fraction that is not shaded in two different ways.

b) Spot the equivalent fractions. Write them in pairs.

$$\frac{3}{4} \qquad \frac{1}{2}$$

$$\frac{5}{10} \qquad \frac{1}{10}$$

$$\frac{10}{100} \qquad \frac{4}{16} \qquad \frac{9}{12}$$

$$\frac{1}{4}$$
