

Year 5 English Homework – January 21<sup>st</sup>, Mr Lindsay's Group

Look at the image of the new country in 'The Arrival.' You are going to write a description of it, making sure to capture the detail and atmosphere of what is clearly a busy city. You need to include 3 relative clauses. Remember – relative clauses begin with a relative pronoun (who, whose, that, which) and offer some additional information. Example: "The buildings, which towered over the houses, were full of offices."

Let me know if you need any help or clarification. – Mr Lindsay
