Easter Word Problems

Remember to underline the important bits first and to decide what operation to do!

(<u>not</u> this sort of operation!!)

1. The post office is selling eggs for £ 1.79 each or £5.50 for 3. Which is better value and why?

2. 110g of chocolate is needed to make 1 small egg. A large egg needs 3 times this amount. How much chocolate is needed for 2 large and 2 small eggs?

3. A packet of mini eggs contains 23 eggs. There are 44 children in Y5. How many packets should Mrs Rodger buy so that each child gets 3 eggs each?

4. How much would these eggs be with 50%, 25% off?
   Mars: £ 4.76   Nemo: £2.38   Ferrero: £ 6. 98

Now make up some Easter problems for your friends to solve!!
