

Year 6 project

Due : 26.04.19

The family became fabulously wealthy, emigrated to Australia and formed a habit of naming their houses 'Avalon', after their Somerset roots. The same name was used when the family moved briefly back to the UK to Chislehurst.

Your task is to research Avalon and create an information booklet about this building:

- Where is it located?
- When was it built?
- What was it used for?
- What is it used for now?
- What are the main features of this house?
- Are there famous names associated with this house?

This can be presented as typed or written work (on A4 or A3 paper) in a booklet.
