The Trip

I can't believe I'm actually here. The towns below look so small and I can see for miles in every direction. The engine is whirring and there's a man in the aisle next to me eating crisps.

"Don't be afraid, it's natural to be a bit nervous." Mum said before we got on board. I'm definitely not nervous now, it's brilliant!

Who is speaking?

My Favourite Subject

I love science because we do great experiments, like launching parachutes and making electrical circuits. When I get home I'm going to have another go at making a space rocket powered by balloons. I hate running out of time in experiments, but if I have tea early, it should be ok.

Has the child run out of time in experiments before?
Is the child worried about something?
