

Maths Homework

23.4.19

Use rounding OR the column method to add these amounts

1 $£10 - £7.49 =$

5 $£10 - £4.53 =$

2 $£20 - £16.37 =$

6 $£20 - £11.72 =$

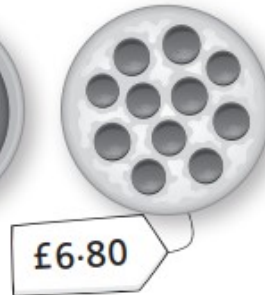

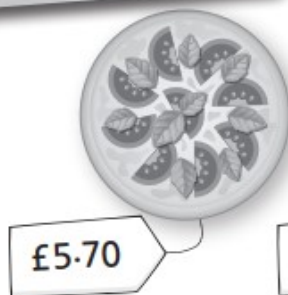

3 $£35.72 + £12.01 =$

7 $£100 - £84.88 =$

4 $£5.60 + 78p + £2.40 =$

8 $£45.35 + £15.01 =$

Pizza party

Extra toppings

Olives	50p
Pineapple	55p
Anchovies	78p
Chillies	46p
Mushrooms	52p
Peppers	42p
Extra Cheese ..	37p

9) Choose a pizza. Then add 3 extra toppings, all different. How much does your pizza cost now?

10) If you had £10. How much change would you get from the pizza you made?
