

Maths Homework 13.5.19

Bigger or smaller?

Write $<$ or $>$ between each pair of numbers, then each pair of temperatures.

Think about which temperature would be colder, brrr!

- 1 2.789 7.111
2 6.405 6.504
3 8.299 8.321
4 0.432 0.234
5 3.422 3.244

- 6 -5°C 5°C
7 -4°C 0°C
8 -7°C -10°C
9 3°C -2°C
10 -8°C -3°C

Multiplying and dividing

HINT Remember to move your numbers to the left or right by how many zeros there are

11

a) $2.031 \times 1000 =$

b) $0.076 \times 100 =$

12

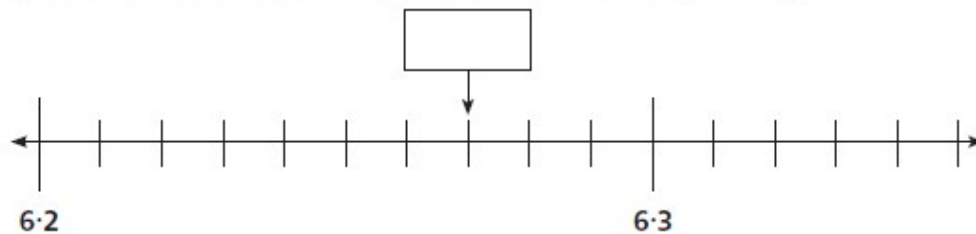

a) $35.6 \div 100 =$

b) $0.96 \div 10 =$

Decimals and rounding

13

a) Write the decimal number that the arrow is pointing to.

b) Put a cross on the number line at 6.32.

14

Use the number line above:

Round 6.24 to the nearest tenth

Round 6.27 to the nearest tenth
