

# Making a star

This week we have been making stars with different numbers of points.

Help your child to carefully follow the numbers to join the dots and complete the star below. They can then colour it in neatly. If they like, help them to cut it out and hang or stick it up in their bedroom. *How many points does this star have?*

This activity was:			We enjoyed this activity:		
a bit hard	just right	too easy	a lot	a bit	not much

This activity will help your child to draw and talk about shapes, and to count up to ten objects.
