

Year 3-English-3-6-19

Write a paragraph about something you enjoyed during the half term - perhaps a visit to the park, a meal with your family, visiting a friend.

Write in the first person (I) and try and include some speech (remember the inverted commas go around everything which is said and have a piece of punctuation inside them).

Purple and yellow - your additional challenge is to start every sentence with a fronted adverbial so could be telling me about when something was done or happened (time), how something was done or happened (manner) or where something was done or happened (place).
