

Year 3 - English Homework - 23-9-19

We had a debate this week about the Stone Age.

For homework I want you to do a similar piece of work.

Our debate question - **Should we use plastic straws?**

In your English homework books write out the question - Should we use plastic straws?

Below the question you need to say whether you agree or not.

Blue and green - Decide whether you agree or not and write 3 bullet points explaining your view.

Orange and red - Write 3 bullet points on each side of the debate - 3 as though you agree and 3 as though you disagree

Yellow and purple - Write a paragraph as though you agree with the question and then another paragraph as though you disagree and finish with a sentence saying whether you have decided to agree with the question or not.
