

Friday 18

L.O. To know my name and address

Please help your child write down and learn their home address. We will be working with this information when we come back. Please return the sheet on MONDAY 28 October.

It would be lovely if you could share this story with your child before helping them write and learn their address.

Me on the map by Joan Sweeney

<https://www.youtube.com/watch?v=jubDJ2EJlx4>

Please let your child fill in the details below.

My first name _____

My last name _____

My address _____

Town _____

Postcode _____

It is so important for your child to know your name and contact number. I will not need this information, but the more they know the better it is for them.

Repeating the phone number to a tune helps as explained below:-

It's so much easier to memorize something to song. If you do a quick search on the internet you will come up with a variety of ideas, but you can also easily make one up on your own. We sing our phone number and address to the tune of Frere Jacques. Super easy!

Songs to Learn Your Phone Number & Address	
(Sung to the Tune of Frere Jacques)	
Address	Phone Number
123	987
123	987
Pretend Rd.	654
