

Step 1

Write a list of adjectives, nouns and verbs under sub-headings.

adjectives	nouns	verbs
e.g. luxurious	house	floating

Step 2

Pick an adjective, a noun and a verb from your list to create a simple sentence.

e.g. The luxurious house was floating.

Step 3

Finally, add an **adverbial** and a **conjunction** to make your sentence even better.

e.g. **One sunny morning**, a luxurious, expansive house floated **silently** by **while** the people below gasped.

I added both a fronted adverbial of time and an adverbial of manner in the sentence above but you only need to add one to your sentences.
