Draw times on the digital clocks to match the analogue clocks:

Draw a time on each of these two clocks.

Both times must be between half past 2 and quarter to 3.

## 20 minutes late

All the morning trains are running 20 minutes late. Draw the time on the station clock when they actually arrive.

The train is due at:

8:20

9:40

10:35

11:25

The train arrives at:

8

9

TO

Write the time in words when you (remember 'to' and 'past' times):

11 - went to bed last night

 $\stackrel{\wedge}{\searrow}$ 

- 12 read your book to your grown up today
- 13 brushed your teeth this morning
- 14 arrived home from school any day this week
