## Parent/Carer Update on COVID-19

Today is your child's last day at Academy for the foreseeable future.

You have already been provided with a wide range of home learning materials and the teaching staff will post daily learning activities on the Academy website.

I would urge you to use these resources to the full, maintain a learning regime for your child and above all, enjoy this time with them.

It is expected that there will be a national announcement to signal the re-opening of Academy. An announcement will also be made on the Academy website and an email will be sent to you.

Any questions or queries you have can be sent to [admin@stpstp.co.uk](mailto:admin@stpstp.co.uk), though please be aware that we will be operating on a skeleton staff and it may take up to 72 hours for us to respond.

We are remaining open only for those children who absolutely need to attend – please refer to the Key Worker letter. **If you are able to keep your child safely at home then you must do so.**

The Academy will be open from 9 am to 3:15pm. This will be in place for as long as required and whilst education staff are well enough to provide care.

**As an Academy it will be necessary for us to ask you to provide identification of your role in order to ensure we are meeting with the Government guidelines. Please complete the information in the following link to identify yourself as a Key Worker:**

<https://forms.gle/FnP5JMrU8cw8pw4u7>. We will contact you as soon as possible to confirm you meet the criteria and the service we are able to provide.

### Good Hygiene

**Please take care of yourselves and your family and ensure they are following the correct method in washing their hands thoroughly.**

#### Follow Five Steps to Wash Your Hands the Right Way

Washing your hands is easy, and it's one of the most effective ways to prevent the spread of germs. Clean hands can stop germs from spreading from one person to another and throughout an entire community - from your home and workplace to childcare facilities and hospitals.

Follow these five steps every time.

1. **Wet** your hands with clean, running water (warm or cold), turn off the tap, and apply soap.
2. **Lather** your hands by rubbing them together with the soap. Lather the backs of your hands, between your fingers, and under your nails.
3. **Scrub** your hands for at least 20 seconds. Need a timer? Hum the "Happy Birthday" song from beginning to end twice.
4. **Rinse** your hands well under clean, running water.
5. **Dry** your hands using a clean towel or air dry them.
