Imogen is reading a book. The clocks show when she started and when she finished.
Write the start and finish time in words. Then calculate the amount of time she spent
reading each day.

| day | start | finish | duration |
|---|---|---|---|
| Monday |  _____ |  _____ | |
| Tuesday |  _____ |  _____ | |
| Wednesday |  _____ |  _____ | |
| Thursday |  _____ |  _____ | |
| Friday |  _____ |  _____ | |

How much time did she spend reading altogether?
