

Spring springs!

Decorate your home or classroom with these crazy, curly, springy springs. Colour in the flowers then cut out the spiral and hang it anywhere and everywhere!

Sheep dressing

The sheep has been shorn for spring and feels a bit naked! Why not create some new, stylish coverings for her to wear?

Make a daisy chain

If you can't make a headband or necklace out of real daisies, why not create a paper one instead? Concertina-fold the sheet then cut out the flowers to make strips that you can fix end-to-end.
