

Science

So today, I'd like you to write up your **non-chronological report** about plants in your home learning book following on from your research yesterday.

Remember this useful list:

| |
|--|
| Things to include: |
| Include a title that tells my reader what my report is about |
| Write an introduction giving the reader some brief information about the topic |
| Use organisational devices to structure my text e.g. sub-headings, bullet points |
| Use a formal tone |
| Include photos or drawings (annotated, captions) |
| End with a summary |

Day 2

Write up your non-chronological report in your home learning book.

Finally, I would like you to read over your work.

I expect your report to have - correct punctuation; conjunctions to join sentences together; neat handwriting & letter formation; editing for any spelling, punctuation or grammar errors with a neat line through or an arrow up ^ indicating a missing word.
