

Times Tables

Please log in to your Times Tables Rock Stars account, go into the Garage area and play for around 10 minutes, I think you'll be surprised at the improvement you will make!

Handwriting and spelling

First, I'd like you to write a line (at least three times per line) of these words from our common exception list: **popular; grammar; guide; often; interest** and **consider** in your home learning book (remember to use your fantastic cursive writing and a finger space between each word). Then, rather than a spelling test I would like you to create 6 sentences (use one word per sentence) using the same words - **popular; grammar; guide; often; interest** and **consider**. You might first need to find out what the word means and then try and make your sentences as interesting as possible.
