

Maths

Today, we are going to look at adding fractions.

Go to this link <https://vimeo.com/427993095> (Year 3 - Week 8 - Lesson 2 - Add fractions).

Pause the video when you are asked a question and tell your grown-up your answer, then listen to the answer. Now complete the worksheet attached to our blog and if you complete it, and have time, have a go at this True or False challenge below.

A rectangular card with a yellow border. At the top, the words 'True or False' are written in a playful, colorful font, followed by a blue question mark icon. In the top right corner, the text 'Add fractions' is written in a small, grey font. The main body of the card contains a question and a mathematical equation.

True or False ?

Add fractions

When you add fractions you add the numerators and the denominators.

$$\frac{1}{5} + \frac{2}{5} = \frac{3}{10}$$
