

Art

Take a look at the 4 sketches from Paul Klee below. Then, I'd like you to use a whole page of your home learning book and create a piece of artwork inspired by his work. The way I'd like you to do this is by taking your pencil for a walk (just draw anywhere over the page). Then, once you have done that try and create something within the squiggle - a face, an animal, a building - anything you like. Once complete, add some colour to it, if you think it will enhance it.
