

# History

Isambard Kingdom Brunel was a famous English inventor and civil engineer.

Over two days, I'd like you to produce a recount (a piece of writing that gives details of an event or events that have happened) about Isambard Kingdom Brunel - who was he, what did he do, when and why?

Day 1: Watch this video link and make notes on what you see and hear - <https://www.youtube.com/watch?v=zovFQQ2SwBc>.

Day 2: Write up, in your home learning book, your recount on Isambard Kingdom Brunel.

This will include the following:

- Introductory paragraph - briefly covers who, what, where and when about the event
- Third person - about other people
- Past tense - events that have already happened
- Specific people, places and things described
- Chronological order - the order things happen
- Conclusion - paragraph links back to the introduction
