

# Maths

This week we're going to do some work on money this week. Today, we are going to look at converting pounds and pence -

<https://vimeo.com/413284193>.

Pause the video when you are asked a question and tell your grown-up your answer, then listen to the answer. Now complete the worksheet attached to our blog and if you complete it, and have time, have a go at this True or False challenge below.

True or False ?

Convert pounds and pence

If you add these coins together you get 388p.

The image shows a collection of eight British coins arranged in two rows. The top row contains a £1 coin (gold), a 2p coin (copper), a 1p coin (silver), and another 1p coin (copper). The bottom row contains a 50p coin (silver), a 20p coin (silver), a 10p coin (silver), and a £2 coin (gold).
