Candidate's name and The Role you are casting a vote for

Candidate Statement – PTA Chair

I would like to put myself forward for the role of PTA Chair.

Having been involved with the PTA and currently serving as Treasurer, I have really enjoyed being part of the team and supporting our school and children. I would now like the opportunity to take on a more active role and help the PTA continue to grow.

If elected, I would like to build on the great work already being done while encouraging more parents to get involved. I believe a successful PTA should be welcoming, inclusive and friendly, with opportunities for everyone to contribute, whether by volunteering at events, sharing ideas or helping behind the scenes.

I would like to support a good balance of fun events for the children and families, alongside fundraising that is well organised and focused on making a meaningful difference to the school.

My experience as a Treasurer has given me a good understanding of the PTA, its organisation and responsibilities. I am organised, committed and approachable, and I value working together with the committee, school and parents.

Most importantly, I would like PTA to continue working together as a strong team, creating positive experiences for our children and making a real contribution to our school community.

Thank you for considering my nomination.

Candidate Statement – PTA Secretary

I would like to be considered for the role of Secretary. I am a parent of a child in Year 2 and would really like to be more involved in our school community and help build a PTA where parents feel welcome, included and listened to.

I am naturally very organised and good at keeping on top of things, following up actions and making sure that things actually get done. I am comfortable with emails, keeping records, organising information and communicating with different people, which I feel would be useful in the Secretary role.

I would also really like to see more opportunities for parents to share their ideas and get involved, even if they don't have the time to attend every meeting or take on a formal role. I think good communication between the PTA, parents and the school is really important.

I have lots of ideas for events, fundraising and ways we could involve more families, but I also think the PTA should listen to what other parents would like to see.

Most importantly, I would like to contribute my time and skills and work together with the rest of the committee to create a PTA that is organised, open, positive and enjoyable for everyone.

**Candidate Statement - PTA Treasurer**

I would like to be considered for the role of Treasurer. I am very motivated to be part of the school PTA, help build our community, and contribute to investing in the school. I am trustworthy, organised, and committed to keeping accurate financial records and ensuring transparency in the management of funds.

I would be proud to support the school in this role and make a positive contribution to our school community.
